What people are saying about Eyeshot

"This was one of the most riveting, non-stop thrillers I have ever read. I blew through this book. I look forward to reading more by Taylor Adams."

Kyle Sherrod

"This book was one of the first that I have read in a long time that has even come close to getting a five star review. This was an awesome read from beginning to end, well worth the time to read and ENJOY!" Outlaw 1773

"Wow! Brilliant from start to finish. Once started its hard to put down. DONT MISS THIS BOOK!" brian partridge

"This book is a well constructed, action driven thriller. For me, the best thrillers are those that seem plausible enough to imagine myself in the same situation. In this case, the serial killer is a sniper and the victims are ordinary people caught in the wrong place at the wrong time." Bichon Mom
TOP 500 REVIEWER

"Touted as the the most gripping suspense thriller you'll ever read ... and if it wasn't the top for me, it is sure in the running, and I hope Hollywood is smart enough to cash in, because this book had me up until four in the morning. I could NOT go off and leave these characters on their own!"
