What doesn't kill you makes you stronger . . . or so I'm told

I lost 200 pounds of dead weight when I dumped my loser ex.

Now he wants to creep on me? Please. I've got my own life to live. It isn't all bad, either. I've got a great friend, a decent job in a call center—and I just started working out with the most gorgeous personal trainer I've ever laid eyes on.

Wicked Curves: Andromeda

I haven't had the easiest life.

That's why I was sent to a reform school for bad girls at 18. I'm looking to change things around.

I've never been one for studying—until I spot a ruggedly hot teacher giving a lecture. Is it so bad that I want to grab his... attention?

Curves For Hire: Victoria

Slaying monsters is my business, and I'm good at my job.

Good enough to be hired as a personal guard in a war-torn kingdom. I've fought my share of monsters, but some of the worst come in human form. And when I cast my lot in with a truly good king, a man with a tender heart and smoldering eyes, blood will be spilled in the name of love.

The Princess's Curves: Amira

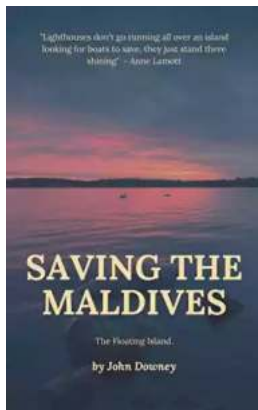

I'm used to giving out orders. I'm not exactly a dainty princess, and I don't just mean my plus-size curves—people know that I call the shots in my family's kingdom. But marriage to a foreign, tattooed warlord changes everything. Will there be peace in the land? Or even in the bedroom?

His Mate's Curves: Andreas

For years I've been single-mindedly focused on becoming the leader of the pack.

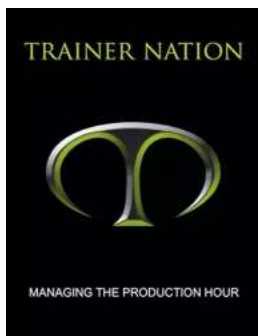

Now that I'm the alpha, I need a mate. Sure, plenty already want me. Problem is, I already screwed everything up with the match I really want—Darya, the one I know should be my mate for life.

Can she forgive me? Not likely. But I'm not about to give up now!
