Are you ready to wake a dragon prince?

I wasn't planning to stay. I'd only come home because I freaked out and ran when my boyfriend asked me to marry him. But when mysterious stranger sent me searching the Dragon Scales, a geological curiosity out in the desert, I didn't expect to find an ancient ruin in the middle of the Australian outback. Much less a gorgeous man asleep inside.

Her touch was like silk sliding across his skin and he sighed in relief as her warmth spread through him.

I shouldn't have touched him. I certainly shouldn't have let him kiss me.

She was full and curvy in all the right places, and his body stirred at the sight. He needed to cool those thoughts. She had a lifemate. He respected that. He might not like it, but he respected it.

His body didn't. But his mind did.

Now he tells me he's a dragon prince and that his ancient enemy is hunting him. Not only that, but my touch bound us together with magic. If his enemy kills him, I die too. My only hope is to help him escape. Maybe then I can find a way to break the bond and return to my normal life.

If I still want to.
