## **Understanding the Philosophy of Practicing The Presence**

At its core, Practicing The Presence is about conscious awareness and living in the present moment. It emphasizes the importance of shifting our focus from the external world to our inner reality. By redirecting our attention inward, we become attuned to the divine essence within us - an eternal wellspring of love, creativity, and unlimited possibilities.

This philosophy is deeply rooted in the belief that we are spiritual beings having a human experience. When we tap into this awareness, we develop a profound connection with the divine, enabling us to transcend the limitations of the material world.

Hamblin teaches that our thoughts, emotions, and actions shape our reality.
