Her education was unusual...and that might just give her a chance.

Weakest LynxShe wanted a simple life. What she got was anything but...

Lexi Sobado is anything but ordinary. She can do things—sense things—that most people cannot. When she attracts the attention of a deadly stalker, she’s not about to sit quietly and let the handsome ex-SEAL save her. She’s going to take care of herself and help catch the madman—even if it’s the last thing she ever does.

Striker Rheas is supposed to protect Lexi. He can’t do his job, though, if she’s keeping secrets—and she’s definitely hiding something from him. But then again, he has a secret of his own. He can’t let her know he’s falling in love with her...

Lexi’s gut (and psychic ability) is telling her that what she hides, what she reveals, and what she uncovers will have to be in perfect balance if she’s going to stop a killer—and save her own life in the process.

Time is running out...

Missing Lynx

It was finally time to start living a normal life. Or so she thought...

Lexi “Lynx” Sobado’s job at Inqiuus was supposed to keep her safe. Planting transmitters, cracking the occasional safe, and using her psychic ability to support her team didn’t require any daring deeds of do or die. But when her mentor shows up in town and drags her into a mystery, her shot at a safe, normal life is ruined. Again.

Ex-SEAL Striker Rheas would give Lexi anything—even if what she needs most is space. He knows she’s still mourning her husband, and he loves her enough to wait for her. But being patient and doing right by Lexi has never been harder than when she’s in danger and has no interest in letting him protect her...

She craves peace and normalcy. He craves her. But if they have any hope of getting what they want, they’ll have to stop a cunning enemy who is willing to destroy everything they hold dear.

All Lexi knows for sure is that she’s not going down without a fight...

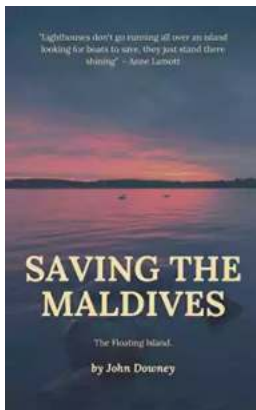

Chain LynxShe cheated death—again. But that doesn’t mean she’s safe...

Lexi Sobado is finally home. The plane crash—and everything that happened before it—left her beaten, broken, and barely breathing. But she’s determined to put it all behind her and focus on her recovery. Too bad an unknown enemy has no intention of letting that happen... Now that Lexi

is home, Striker Rheas can breathe again. Losing her nearly destroyed him, and he's not about to let her out of his sight ever again. This time, he will do everything in his power to protect her—no matter how it might chafe her independent nature. Lexi, Striker, and the Iniquus team will have to use every trick in the book—and Lexi's psychic ability—to find and eliminate the threat. Failure isn't an option. Especially now that Lexi has so much to live for...
