When a group of strangers purchase land on Tortola and Norman Island to set up a commune, the locals simply write them off as an odd sort—until one of their bloated bodies washes up on the shore of a nearby resort island.

As luck would have it, Jesse McDermitt is visiting a friend on Norman Island after tracking a terrorist submarine from the Windward Islands. What he wasn't looking for, was a murderous cult at the center of a drug manufacturing and distribution ring.

If a person didn't succumb to the rules of this cult, they might end up riding the chum sluice. If they do, they might meet Jesse.
