A sunny PA, a grumpy director, and a film to save.

EVIE

I finally have my foot in the door—Hollywood, here I come!

But there's a problem: Adam Thorne. My grumpy director boss who speaks exclusively in sarcasm and thinks I'm an idiot. He said I was like one of those singing Christmas toys that never run out of battery.

But when the film goes off the rails, I have to win him over and convince him to stay. I've given up everything, including a career in medicine, to see my name in the rolling credits. But working with Adam is no easy task—and neither is ignoring how sexy he is.

No, Evie. Not the point.

Though I am starting to wonder if there's more to him under his brooding, grouchy exterior...

ADAM

People are idiots, especially people in LA.

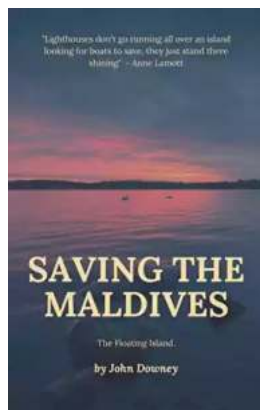

My friends tell me I have 'ranty old man energy', but that's just because I don't suffer fools, and I have no time for phonies.

So when Evie Miller joins the film crew, I don't know how to take her. She's like a real-life Jessica Day; the human incarnation of cotton candy. Who wears bright yellow gumboots in LA? It literally never rains here.

But then there's a location scout together, one too many tropical cocktails, and the last motel room in walking distance, and everything changes. Maybe people in LA are genuine after all...

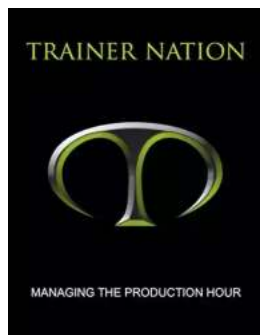

Or maybe Evie Miller is about to confirm all my worst fears.

The Last Take is a dual POV, steamy, opposites attract rom-com with a grumpy hero and sunshine heroine that will make you laugh and swoon, with the sweetest HEA. It's Book 1 in the Hollywood Heartthrobs series, but can be enjoyed as a standalone.
