

What Washes Up The Forgotten Coast Florida Suspense

Have you ever wondered what secrets lie beneath the surface of the ocean? In the enchanting Forgotten Coast of Florida, a myriad of mysteries are waiting to be discovered. From long-lost shipwrecks to strange sea creatures, this coastal stretch holds tales that have left locals and visitors in awe for centuries.

The Hidden Treasures of the Forgotten Coast

Imagine stepping onto a beach with the soft sand caressing your toes, the sun casting golden hues on the calm waters, and the distant sound of seagulls echoing in the air. It all seems tranquil, doesn't it? Yet, as you stroll along the pristine shores of the Forgotten Coast, you may stumble upon remnants of ships from an era long past.

The Forgotten Coast, extending from Mexico Beach to St. Marks, has a reputation for being a graveyard of sunken vessels. The treacherous waters and unpredictable storms have claimed numerous ships, and their remains still linger beneath the waves. These eerie shipwrecks are a reminder of the dangers and unpredictability of the sea and serve as a tangible link to the past.

One of the most famous shipwrecks along the Forgotten Coast is the SS Tarpon, a steamship that sank in 1937. The vessel met its untimely demise during a winter storm, and today its remnants can sometimes be spotted during low tide. Locals and history enthusiasts alike are drawn to these glimpses of the past, wondering about the lives and stories that were forever lost beneath the sea.

The Enigmatic Creatures of the Deep

While shipwrecks may reveal stories of human endeavor and tragedy, the Forgotten Coast is also home to an array of bizarre and extraordinary sea creatures. As you explore the crystal-clear waters, you might encounter exotic fish and mysterious marine life that can't be found anywhere else.

One such creature that has captured the imagination of many is the elusive "Forgotten Coast Moonfish." This uncommon species, known for its iridescent scales and mesmerizing patterns, only appears under specific lunar conditions, adding an air of mystique to its sightings. Locals have reported rare encounters with these celestial creatures, making their occurrence a source of fascination and awe.

Another intriguing sea creature that frequents the waters of the Forgotten Coast is the "Gulf Ghost Squid." With its faintly glowing bioluminescent

skin, this elusive cephalopod has attracted the attention of marine researchers worldwide. Its ability to change colors and shape-shift has long been a subject of scientific intrigue, leaving experts puzzled about its origins and the secrets it holds beneath its elusive surface.

Unsolved Mysteries and Haunting Legends

The Forgotten Coast is not only abundant in natural wonders but also in unsolved mysteries and haunting legends. As the waves crash against the shore, whispers of eerie tales can be heard, captivating the imagination of those who dare to listen.

One particularly spine-chilling legend revolves around a spectral pirate ship said to appear in the dead of night. Locals believe that the ship is crewed by the lost souls of pirates who perished centuries ago. Its phantom sails blend with the misty horizon, creating an otherworldly vision that has startled many unsuspecting witnesses over the years. Is it just a figment of the imagination, or is there a grain of truth behind this ghostly apparition?

Another unsettling mystery that has puzzled researchers for decades is the strange phenomenon of glowing orbs seen hovering above the waves during certain nights. Witnesses describe these orbs as ethereal sources of light, emitting a gentle glow that casts an enchanting aura on the water. Are they merely reflections or perhaps the presence of otherworldly forces? The answer remains shrouded in ambiguity.

The Timeless Allure of the Forgotten Coast

The Forgotten Coast of Florida is a place of wonders, where tales of lost ships, extraordinary creatures, and unsolved mysteries enchant both locals and visitors alike. Its timeless allure serves as a reminder of the vastness

and unpredictability of the ocean and the secrets it holds deep within its depths.

Next time you find yourself walking along the shores of the Forgotten Coast, take a moment to reflect on the mysteries that lie beneath the waves. Who knows what awaits your discovery? Unlock the suspense of this enchanting stretch of Florida's coastline and let yourself be captivated by the never-ending tales of what washes up on the Forgotten Coast.

Southern mystery and suspense, liberally seasoned with coastal atmosphere and dark humor.

Karma's alive and well in Apalachicola, Florida, and there are several people who are about to meet it face to face.

When more than a dozen bodies wash up on the beach on St. George Island, the residents of Apalach are outraged, and none more so than

investigator Maggie Redmond and Sheriff Wyatt Hamilton. It's time for the greedy to answer for the lives of innocents.

Meanwhile, a man is found tied to a burning boat in the middle of the bay, and Maggie's instincts tell her Bennett Boudreaux is behind it. But if he is, Maggie has to decide whether she really wants him punished, or if justice has already been served.

Vengeance is afoot in Apalachicola, and everyone is in its path.

About the Forgotten Coast Florida Series:

The first four books of the series, *Low Tide*, *Riptide*, *What Washes Up*, and *Landfall*, lay the foundation for the entire series. There are subplots resolved in each book, but there is also an overarching plot that is not resolved until *Landfall*, so they should be read in sequence.

Subsequent books in the series will be both longer and be stand alone novels that can be read any sequence.

Editorial Reviews

From *Low Tide*, Book 1 of The Forgotten Coast Florida Suspense Series

"Yeah, you'd better buckle up."

Ms. McKenna is able to introduce you to a character and make them so lifelike and real, that you're certain she's telling you about someone she

knows very well.

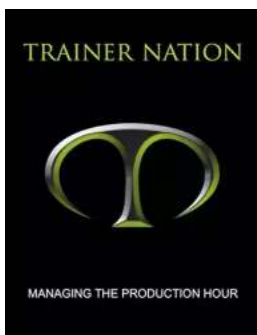

I understand there will be several more in this series coming in rapid fire succession, so read fast. I see nothing but success for this author, she's definitely found her corner with the Forgotten Coast series.

Florida writers need to watch out, or better still read Dawn McKenna's books. She's the real deal.....Wayne Stinnett, author of the bestselling Jesse McDermitt Caribbean Adventure series
